

This is a detailed architectural line drawing of a two-story house. The house features a gambrel roof with decorative wooden trusses in the gables. The exterior walls are clad in vertical siding. On the left side, there is a small dormer window. The front facade includes a central entrance porch supported by thick columns, with a small window above the door. To the right of the porch is a two-car garage with large, multi-paned doors. Two small lantern-style light fixtures are mounted on the wall above the garage doors. The foundation is depicted with a brick pattern. The drawing uses fine lines and cross-hatching for shading and texture.
