

A detailed line drawing of a two-story house with a gambrel roof. The house features vertical siding and a brick foundation. On the left, there is a dormer with a gabled roof and a four-pane window. The main entrance is centered, featuring a small porch with a gabled roof supported by columns and a four-pane door. To the right of the entrance is a large four-pane window. Further right is a two-car garage with a large door divided into twelve panels (two rows of six). Two small lantern-style light fixtures are mounted on the wall above the garage door. The roof has multiple gables and dormers, all with decorative bargeboards. The drawing is a black and white line art style.
