- 4 IF NOT OWNER-OCCUPIED, HOW LONG HAS IT BEEN SINCE THE SELLER OCCUPIED THE PROPERTY? _____
- 5 (Check the one that applies) The property is a ☒ site-built home ☐ non-site-built home
- 6 The Tennessee Residential Property Disclosure Act requires sellers of residential real property with one to four dwelling
7 units to furnish to a buyer one of the following: (1) a residential property disclosure statement (the "Disclosure"), or (2) a
8 residential property disclaimer statement (permitted only where the buyer waives the required Disclosure). Some property
9 transfers may be exempt from this requirement (see Tenn. Code Ann. § 66-5-209). The following is a summary of the
10 buyers' and sellers' rights and obligations under the Act. A complete copy of the Act may be found at
11 <http://www.tn.gov/regboards/trec/law.shtml>. (See Tenn. Code Ann. § 66-5-201, et seq.)
- 12 1. Sellers must disclose all known material defects and must answer the questions on the Disclosure form in good faith to
13 the best of the seller's knowledge as of the Disclosure date.
- 14 2. Sellers must give the buyers the Disclosure form before the acceptance of a purchase contract.
- 15 3. Sellers must inform the buyers, at or before closing, of any inaccuracies or material changes in the condition that have
16 occurred since the time of the initial Disclosure, or certify that there are no changes.
- 17 4. Sellers may give the buyers a report or opinion prepared by a professional inspector or other expert(s) or certain
18 information provided by a public agency, in lieu of responding to some or all of the questions on the form (See Tenn.
19 Code Ann. § 66-5-204).
- 20 5. Sellers are not required to have a home inspection or other investigation in order to complete the Disclosure form.
- 21 6. Sellers are not required to repair any items listed on the Disclosure form or on any past or future inspection report unless
22 agreed to in the purchase contract.
- 23 7. Sellers involved in the first sale of a dwelling must disclose the amount of any impact fees or adequate facility taxes
24 paid.
- 25 8. Sellers are not required to disclose if any occupant was HIV-positive, or had any other disease not likely to be
26 transmitted by occupying a home, or whether the home had been the site of a homicide, suicide or felony, or act or
27 occurrence which had no effect on the physical structure of the property.
- 28 9. Sellers may provide an "as is", "no representations or warranties" disclaimer statement in lieu of the Disclosure form
29 only if the buyer waives the right to the required disclosure, otherwise the sellers must provide the completed Disclosure
30 form (See Tenn. Code Ann. § 66-5-202).
- 31 10. Sellers may be exempt from having to complete the Disclosure form in certain limited circumstances (e.g. public
32 auctions, court orders, some foreclosures and bankruptcies, new construction with written warranty or owner has not
33 resided on the property at any time within the prior 3 years. See Tenn. Code Ann. § 66-5-209).
- 34 11. Buyers are advised to include home and wood infestation, well, water sources, septic system, lead-based paint, radon,
35 mold, and other appropriate inspection contingencies in the contract, as the Disclosure form is not a warranty of any kind
36 by the seller, and is not a substitute for any warranties or inspections the buyer may desire to purchase.
- 37 12. Any repair of disclosed defects must be negotiated and addressed in the Purchase and Sale Agreement; otherwise, seller
38 is not required to repair any such items.
- 39 13. Buyers may, but do not have to, waive their right to receive the Disclosure form from the sellers if the sellers provide a
40 disclaimer statement with no representations or warranties (see Tenn. Code Ann. § 66-5-202).

- 41 14. Remedies for misrepresentations or nondisclosure in a Property Condition Disclosure statement may be available to
 42 buyer and are set out fully in Tenn. Code Ann. § 66-5-208. Buyer should consult with an attorney regarding any such
 43 matters.
- 44 15. Representations in the Disclosure form are those of the sellers only, and not of any real estate licensee, although
 45 licensees are required to disclose to all parties adverse facts of which the licensee has actual knowledge or notice.
- 46 16. Pursuant to Tenn. Code Ann. § 47-18-104(b), sellers of newly constructed residences on a septic system are prohibited
 47 from knowingly advertising or marketing a home as having more bedrooms than are permitted by the subsurface sewage
 48 disposal system permit.
- 49 17. Sellers must disclose the presence of any known exterior injection well, the results of any known percolation test or soil
 50 absorption rate performed on the property that is determined or accepted by the Department of Environment and
 51 Conservation, and whether the property is located within a Planned Unit Development as defined by Tenn. Code Ann. §
 52 66-5-213 and, if requested, provide buyers with a copy of the development's restrictive covenants, homeowner bylaws
 53 and master deed. Sellers must also disclose if they have knowledge that the residence has ever been moved from an
 54 existing foundation to another foundation.

55 The Buyers and Sellers involved in the current or prospective real estate transaction for the property listed above
 56 acknowledge that they were informed of their rights and obligations regarding Residential Property Disclosures, and that this
 57 information was provided by the real estate licensee(s) prior to the completion or reviewing of a Tennessee Residential
 58 Property Condition Disclosure, a Tennessee Residential Property Condition Disclaimer Statement, or a Tennessee Residential
 59 Property Condition Exemption Notification. Buyers and Sellers also acknowledge that they were advised to seek the advice
 60 of an attorney on any legal questions they may have regarding this information or prior to taking any legal actions.

61 The Tennessee Residential Property Disclosure Act states that anyone transferring title to residential real property must
 62 provide information about the condition of the property. This completed form constitutes that disclosure by the Seller. The
 63 information contained in the disclosure is the representation of the owner and not the representation of the real estate licensee
 64 or sales person, if any. This is not a warranty or a substitute for any professional inspections or warranties that the purchasers
 65 may wish to obtain.

66 **Buyers and Sellers should be aware that any sales agreement executed between the parties will supersede this form as**
 67 **to the terms of sale, property included in the sale and any obligations on the part of the seller to repair items identified**
 68 **below and/or the obligation of the buyer to accept such items "as is."**

DISCLAIMER NOTICE

The Brokers and their affiliated licensees (hereinafter collectively "Licensees") involved in the Purchase and Sale Agreement (hereinafter "Agreement") regarding real estate located at 6257 Dry Canyon Ln., Hixson, TN 37343 (hereinafter "Property")

are not attorneys and are not structural or environmental engineers. They are engaged in bringing together buyers and sellers in real estate transactions. Licensees expressly deny any expertise with respect to advice or informed opinions regarding any of the following matters. This Disclaimer Notice is an express warning to all sellers and buyers that they should not rely on any statement, comment or opinion expressed by any Licensee when making decisions about any of the following matters, including the selection of any professional to provide services on behalf of buyers or sellers. Any professional selected by buyers or sellers should be an "independent, qualified professional", who complies with all applicable state/local requirements, which may include licensing, insurance, and bonding requirements. It is strongly recommended that buyers include contingency clauses in their offers to purchase with respect to these or any other matters of concern and that buyers, in writing the offer, allow enough time to get an evaluation of the following matters from an independent, qualified professional. The matters listed below are not an exclusive list of actions or circumstances which are not the responsibility of the Licensees with whom you work. These items are examples and are provided only for your guidance and information.

1. **THE STRUCTURAL OR OTHER CONDITIONS OF THE PROPERTY.** Consult with professional engineers or other independent, qualified professionals to ascertain the existence of structural issues, the condition of synthetic stucco (E.I.F.S.) and/or the overall condition of the Property.
2. **THE CONDITION OF ROOFING.** Consult with a bonded roofing company for any concerns about the condition of the roof.
3. **HOME INSPECTION.** We strongly recommend that you have a home inspection, which is a useful tool for determining the overall condition of a home including, but not limited to, electrical, heating, air conditioning, plumbing, water-heating systems, fireplaces, windows, doors and appliances. Contact several sources (like the Tennessee Department of Commerce & Insurance (www.state.tn.us/commerce/index.shtml), the American Society of Home Inspectors (www.ashi.com), the National Association of Certified Home Inspectors (www.nachi.org), and Home Inspectors of Tennessee (www.hita.us) and independently investigate the competency of an inspector, including whether he has complied with State and/or local licensing and registration requirements in your area. The home inspector may, in turn, recommend further examination by a specialist (heating-air-plumbing, etc.). **Failure to inspect typically means that you are accepting the Property "as is".**
4. **WOOD DESTROYING ORGANISMS, PESTS AND INFESTATIONS.** It is strongly recommended that you use the services of a licensed, professional pest control company to determine the presence of wood destroying organisms (termites, fungus, etc.) or other pests or infestations and to examine the Property for any potential damage from such.
5. **ENVIRONMENTAL HAZARDS.** Environmental hazards, such as, but not limited to: radon gas, mold, asbestos, lead-based paint, hazardous wastes, landfills, byproducts of methamphetamine production, high-voltage electricity, noise levels, etc., require advanced techniques by environmental specialists to evaluate, remediate and/or repair. It is strongly recommended that you secure the services of knowledgeable professionals and inspectors in all areas of environmental concern.
6. **SQUARE FOOTAGE.** There are many ways of measuring square footage. Information is sometimes gathered from tax or real estate records on the Property. Square footage provided by builders, real estate licensees, or tax records is only an **estimate** with which to make comparisons, but **it is not guaranteed**. It is advised that you have a licensed appraiser determine actual square footage.

7. **CURRENT VALUE, INVESTMENT POTENTIAL, OR RESALE VALUE OF THE PROPERTY.** A true estimate of the value can only be obtained through the services of a licensed appraiser. No one, not even a professional appraiser, can know the future value of a property. Unexpected and unforeseeable things happen. **NOTE:** A real estate licensee's Comparative Market Analysis (CMA) or Broker's Price Opinion (BPO), etc., while sometimes used to set an asking price or an offer price, is **not** an appraisal.
8. **BOUNDARY LINES, EASEMENTS, ENCROACHMENTS, AND ACREAGE.** It is strongly advised that you secure the services of a licensed surveyor for a full-stake boundary survey with all boundary lines, easements, encroachments, flood zones, total acreage, etc., clearly identified. It is also advised that you **not** rely on mortgage loan inspection surveys, previous surveys, plat data, or Multiple Listing Service (MLS) data for this information, even if acceptable to your lender.
9. **ZONING, CODES, COVENANTS, RESTRICTIONS, AND RELATED ISSUES.** Zoning, codes, covenants, restrictions, home owner association by-laws, special assessments, city ordinances, governmental repair requirements and related issues need to be verified by the appropriate sources in writing. If your projected use requires a zoning or other change, it is recommended that you either wait until the change is **in effect** before committing to a property or provide for this contingency in your Purchase and Sale Agreement.
10. **UTILITY CONNECTIONS, SEPTIC SYSTEM CAPABILITY, AND RELATED SERVICES.** The availability, adequacy, connection and/or condition of waste disposal (sewer, septic system, etc.), water supply, electric, gas, cable, internet, telephone, or other utilities and related services to the Property need to be verified by the appropriate sources in writing. You should have a professional check access and/or connection to public sewer and/or public water source and/or the condition of any septic system(s) and/or wells. To confirm that any septic systems are properly permitted for the actual number of bedrooms, it is recommended that sellers and/or buyers request a copy of the information contained in the file for the Property maintained by the appropriate governmental permitting authority. If the file for this Property cannot be located or you do not understand the information contained in the file, you should seek professional advice regarding this matter. For unimproved land, septic system capability can only be determined by using the services of a professional soil scientist and verifying with the appropriate governmental authorities that a septic system of the desired type, size, location, and cost can be permitted and installed to accommodate the size home that you wish to build.
11. **FLOODING, DRAINAGE, FLOOD INSURANCE, AND RELATED ITEMS.** It is recommended that you have a civil or geotechnical engineer or other independent expert determine the risks of flooding, drainage or run-off problems, erosion, land shifting, unstable colluvial soil, sinkholes and landfills. The risk of flooding may increase and drainage or storm run-off pathways may change. Be sure to consult with the proper governmental authorities, elevation surveyors, and flood insurance professionals regarding flood and elevation certificates, flood zones, and flood insurance requirements, recommendations and costs.
12. **CONDEMNATION.** It is recommended that you investigate whether there are any pending or proposed condemnation proceedings or similar matters concerning any portion of the Property with the State, County and city/town governments in which the Property is located. Condemnation proceedings could result in all or a portion of the Property being taken by the government with compensation being paid to the landowner.
13. **SCHOOL DISTRICTS AND OTHER SCHOOL INFORMATION.** It is advised that you independently confirm school zoning with the appropriate school authorities, as school districts are subject to change. Other school information (rankings, curriculums, student-teacher ratios, etc.) should be confirmed by appropriate sources in writing.
14. **INFORMATION ABOUT CRIMES, METHAMPHETAMINE PROPERTIES, OR SEX OFFENDERS.** You should consult with local, state and federal law enforcement agencies for information or statistics regarding criminal activity at or near the Property, the presence of methamphetamine manufacturing, or for the location of sex offenders in a given area.
15. **LEGAL AND TAX ADVICE.** You should seek the advice of an attorney and/or certified tax specialist on any legal or tax questions concerning any offers, contracts, issues relating to title or ownership of the Property, or any other matters of concern, including those itemized in this Disclaimer Notice. Real estate licensees are **not** legal or tax experts, and therefore cannot advise you in these areas.

16. RECOMMENDED INSPECTORS, SERVICE PROVIDERS, OR VENDORS. The furnishing of any inspector, service provider or vendor named by the real estate licensee is done only as a convenience and a courtesy, and does not in any way constitute any warranty, representation, or endorsement. Buyers and sellers have the option to select any inspectors, service providers or vendors of the buyer's or seller's choice. You are advised to contact several sources and independently investigate the competency of any inspector, contractor, or other professional expert, service provider or vendor and to determine compliance with any licensing, registration, insurance and bonding requirements in your area.

The buyers and sellers acknowledge that they have not relied upon the advice, casual comments, or verbal representations of any real estate licensee relative to any of the matters itemized above or similar matters. The buyers and sellers understand that it has been strongly recommended that they secure the services of appropriately credentialed experts and professionals of the buyer's or seller's choice for the advice and counsel about these and similar concerns.
