

This architectural elevation drawing shows a two-story house with a gabled roof. The house features a central entrance with a small porch supported by columns. To the left of the entrance is a small dormer window, and to the right is a larger dormer window. The front facade includes several windows of varying sizes, including a large multi-paned window on the left and a large multi-paned window on the right. The house has a two-car garage with double doors on the right side. The drawing is a black and white line art illustration.
